

Parsons House offers a fulfilling lifestyle with all the comforts of home. Our friendly community will enrich and enhance your life of independence, with caring friends and neighbors when you need them, and privacy when you want it.

At Parsons House we encourage your life of independence with the kind of care and concern that families offer their own loved ones. We work as a team with family, friends, and physicians to provide the tailored support you require and deserve.

The sense of real community that exists at Parsons House provides for a lifestyle which many seniors feel is no longer possible.

At Parsons House we celebrate today's successes while planning for tomorrow's challenges.

WELCOME TO PARSONS HOUSE

Parsons House is designed to meet the continuing needs of our residents.

Our living room features comfortable seating areas, a mail room and an aviary. Enjoy visiting with friends and family, relaxing, participating in events, or just people watching. Our house is your house!

Activities take place throughout the community; art classes, guest speakers, exercise classes, musical entertainment, and movies are just some of the choices we offer our residents.

At Parsons House our residents enjoy multiple libraries, community large screen TVs, living rooms, billard tables, card tables, and a computer center. Additionally, the community is wireless so residents can access the internet from their own rooms.

The dining room is our hub. Here, residents enjoy home cooked meals and hosting family and friends at meal time.

Our expansive front and back porches promote outdoor enjoyment in the Texas tradition!

ASSISTED LIVING SERVICES

Assisted Living allows residents to access personal care services when they need them. Services can be offered in any of our apartments. Our residents like the fact that it is not necessary to move to another part of the community to receive the care necessary to maintain their independence.

Personal care needs are met with attention, patience, and compassion from our trained caregivers. Assistance with Activities of Daily Living includes help such as bathing, dressing, grooming, and medication management.

We provide five levels of assisted living service. Level of service is determined by the needs of the individual. A comprehensive assessment of needs is conducted to determine appropriate level of service. A copy of our assessment is available upon request.

We work with each resident's care giving team including family members and physicians to support care, treatment, medications, and personal care assistance. The team helps maximize living in an Assisted Living Community and sustaining independence.
